

UNIVERSAL 320 | R

BLOOD / CELL CULTURE / URINE / CYTOLOGY / PLATES

Maximum versatility in a compact footprint. The UNIVERSAL 320 occupies minimal bench space at a width of only 395 mm (15.5 inches), with or without temperature control. Capable of spinning a variety of standard tubes, plates, cytology clips and bottles (up to 200 ml), the UNIVERSAL 320 centrifuge offers true all-in-one capability.

UNIVERSAL solution for your dynamic laboratory. Given its vast capability, the UNIVERSAL 320 provides flexible solutions for dynamic workflows. Multiple UNIVERSAL 320's offer increased productivity and multi-batch processing with a comparative footprint and cost of one large benchtop.

Eliminate the need to purchase an expensive dedicated cytocentrifuge. The UNIVERSAL 320 performs multiple applications including cytology, in the same centrifuge, saving you money and bench space. Hettich's 12-place Clip Rotor is capable of spinning 0.2 to 6 ml single, double or large funnel formats with optional bio-containment, eliminating the need to purchase an expensive dedicated cytocentrifuge.
