

VIP ECO Natural Refrigerant -86°C Freezer

PAN-MDFDU702VHAPA or PAN-MDFDU702VHPA

Effective Capacity 25.7 cu.ft. | 729 L

The VIP ECO Series ultra-low temperature freezers represent an advance in refrigeration technology and cabinet design required to minimize energy consumption while maintaining a safe, uniform and stable ultra-low environment for life forms.

Together with new refrigeration platform based on variable speed inverter compressors and sophisticated control algorithms, the VIP ECO freezer successfully uses natural refrigerants essential to global sustainability without compromising cooling performance. These freezers are available in two upright cabinet sizes and in both 115V and 220V electrical models. All VIP ECO freezers include Advanced Frost Control and an EZLatch door design ultimately essential to better energy efficiency in real-world conditions.

Buy 1 PAN-SUR624P
Get 1 Rack for Upright Freezer (4x6)
FREE Holds 24 x 2" Boxes

Promotion: Buy 1 and get 1 free PAN-SUR624P freezer storage rack when you purchase the PAN-MDFDU702VHAPA VIP ECO Ultra-Low Upright Freezer.
