Quality Lab Tools for Life Science & Chemistry

BrandTech® Scientific provides labs with easy to use, reliable tools to help researchers get their work done efficiently, comfortably, and safely. Products include: BRAND® liquid handling instruments, life science plastics, and BLAUBRAND® volumetric glassware; VACUUBRAND® vacuum pumps; VITLAB® volumetric plastic labware; and BOCHEM® stainless steel laboratory support jacks.

Liquid Handling Products

Accuracy, reliability, ease of use, and simple maintenance are the hallmarks of BRAND® Liquid handling products. The new HandyStep® touch is the first electronic repeating pipette with touch screen operation and motorized tip ejection. The simple interface brings all the advantages of touch screen efficiency to your laboratory.

Life Science Plastics

BRAND® life science plastics are manufactured to exacting standards, from the highest quality virgin resins, under clean room conditions. They deliver reliable, consistent results batch after batch.

Plastic Labware

VITLAB® plastic labware is manufactured in Germany using only high-quality materials for excellent results in demanding laboratory applications.

Class A, USP, Volumetric Glassware

BLAUBRAND® USP volumetric instruments comply with the Class A error limits required by the United States Pharmacopeia.

Vacuum Pumps, Systems, and Gauges

VACUUBRAND has been a pioneer in laboratory vacuum for over 40 years and is recognized globally as the leader in oil-free diaphragm vacuum pump technology.

Laboratory Support Jacks

BOCHEM® laboratory support jacks feature stainless steel lift mechanisms constructed entirely of 304 stainless steel with POM rollers for corrosion resistance and long service life.

Automated Liquid Handling

BRAND® Liquid Handling Station brings automation to the benchtop.
