INDEX.....	63
------------	----

Serving the Canadian scientific community since 1968.

ESBE Scientific is one of the largest 100% Canadian owned providers of laboratory equipment & supplies. We provide top quality products and professional service at competitive prices for all types of scientific laboratories.

Comprehensive Product Portfolio

Our comprehensive product portfolio is unmatched, offering access to over 100,000 products from over 350 domestic and international suppliers. Our mission is to provide a wide range of solutions to meet the diverse needs of scientific laboratories, while ensuring competitive pricing and exceptional product quality. Whether you require specialized equipment or everyday essentials, we have the resources and expertise to support you.

Full Suite of Services

ESBE offers unparalleled access to highly-skilled technical specialists and industry experts, ensuring the most informed and effective solutions to meet your needs. We are ISO certified and our service providers are fully licensed, ensuring the highest standards of quality and reliability.

Customer Satisfaction

At ESBE, we prioritize providing responsive and efficient customer care. Our commitment to customer satisfaction is reflected in our premium bilingual customer service, providing seamless support and communication. Our success is determined by the positive feedback and fulfillment of our valued customers.

Female-owned & Managed

ESBE is proud to be a female-owned and managed, reflecting our commitment to diversity and inclusion in the workplace. Our workforce represents a rich tapestry of backgrounds and perspectives, spanning across the Canadian landscape. Furthermore, our organization has been family-owned and operated for over 50 years, with a rich heritage rooted in our founder's vision and values, passed down through the generations.

Dedicated to Green Initiatives

At our organization, we are deeply committed to promoting environmental sustainability through our dedication to green initiatives. This entails working closely with companies that are at the forefront of producing energy-efficient equipment, offering eco-friendly options for consumables and packaging, and utilizing environmentally responsible manufacturing processes. Our commitment to sustainability is a central part of our mission, as we strive to make a positive impact on the world and protect our planet for future generations.

Preventative Maintenance & Repairs

ESBE offers a comprehensive suite of services for optimal instrument performance. Tailored to the unique needs of our customers, we are dedicated to delivering results that exceed expectations.

Contracts

Our contracts include full service options, with coverage for labor, travel, and parts, as well as preventative maintenance plans for regularly scheduled inspections. We also provide depot service for convenient and cost-effective maintenance and repair solutions to support the superior performance and longevity of your equipment.

In-house & On-site Service

ESBE Scientific provides a reliable approach to service with a full suite of in-house and on-site service options.

Licensed Personnel

Our team of factory-authorized personnel, including technical specialists and industry experts, is highly experienced in clinical and research equipment, providing the highest level of support and expertise. Our licensed refrigeration mechanics are fully trained and equipped to meet your needs.

Calibration & Validation Services

Our calibration services include on-site and pre-delivery validation services for refrigerators and freezers, ensuring that your equipment is always operating within specification. In addition, our custom validation services, including IQ/OQ/PQ, thermal mapping, and more, provide tailored solutions to meet your specific needs.

Equipment Repairs

Our focus on equipment repairs extends the full life-cycle of your devices, providing a cost-effective solution for maintaining their performance and reliability.

Quality Management System

Our commitment to quality is reflected in our ISO 9001 certification and the use of NIST traceable test equipment, ensuring the accuracy and reliability of our services. We maintain a well-stocked inventory of parts to ensure prompt and efficient resolution of any issues.

THINK GREEN WITH ESBE

Research labs are resource-intensive. Buildings with labs consume 5x more energy than office buildings and can use millions of gallons of water per year. It was estimated that labs discarded over 12 billion pounds of plastic in 2014; that doesn't include gloves, hazardous waste, and other waste - including packaging waste - discarded from labs on a daily basis. Put another way, at research universities, lab products can account for 25% of the total amount of money spent on goods annually.

my green lab.
mygreenlab.org

The opportunity to reduce the environmental impact of labs through smarter purchases is tremendous. The ACT label is the premier eco-nutrition label for laboratory products, including consumables, chemicals, and equipment. By emphasizing accountability, consistency, and transparency (ACT) around manufacturing, energy and water use, packaging, and end-of-life, ACT makes it easy to choose safe, sustainable products. ACT-labeled products are independently audited by SMS Collaborative and verified by My Green Lab.

The criteria for the ACT label, also known as the Environmental Impact Factor (EIF) criteria, were developed with industry input. Scientists, sustainability directors, procurement specialists, and manufacturers provided valuable feedback on the EIF criteria, resulting in the most comprehensive product labeling program for life science products.

Reading the ACT label is simple: the lower the score, the lower the impact on the environment. Most categories are rated on a scale of 1-10.

Life science manufacturers are critical to improving laboratory sustainability. ESBE Scientific proudly offers ACT-labeled products from Labcon and Miele.

Pipette Tips Refill Towers

Item ID	Description	UOM	Price
LBC-10382600009	10 µL Ultra Fine™ Micro Tips	1248/refill	\$55.99

ESB-VAR201000PT	1000 µL Filter Tips, LR, Sterile, 96 tips/rack, 10 racks/pack	960/EA	\$68.59

Pipette Tips, Oxford BenchMate LTR Filter Tips

Item ID	Description	UOM	Price
OXF-LTR20SLF	20 µL LTS Compatible, Sterile, LR, Filter, 96 tips/rack, 10 racks/pack	960/EA	\$92.80
OXF-LTR200SLF	200 µL LTS Compatible, Sterile, LR, Filter, 96 tips/rack, 10 racks/pack	960/EA	\$92.80
OXF-LTR1000SLF	1000 µL LTS Compatible, Sterile, LR, Filter, 96 tips/rack, 10 racks/pack	960/EA	\$99.14

Micro Tubes

Item ID	Description	UOM	Price
ESB-VA100152	1.5 mL Polypropylene Tubes, Max Speed 15000g, Grad	500/EA	\$8.06
LBC-30228000009	0.5 mL SuperClear® Polypropylene Tubes, Grad, Natural	1000/EA	\$38.57
OXF-OMT020B	2.0 mL Oxford BenchMate Micro Tubes, Graduated, Bulk	500/EA	\$18.57
LBC-30255700009	0.5 mL SuperSlik® Polypropylene Tubes, Non-Stick, Grad, Natural	500/EA	\$33.63
OXF-OMT017BS	1.7 mL Oxford BenchMate Micro Tubes, Graduated, Sterile	500/EA	\$16.93
LBC-30343350009	1.7 mL SuperSlik® Polypropylene Tubes, Sterile	500/EA	\$40.85

Centrifuge Tubes

Item ID	Description	UOM	Price
ESB-VA100151	15 mL Centrifuge Tubes, Screw Cap	1000/CA	\$143.19
ESB-VA100501	50 mL Centrifuge Tubes, Screw Cap	500/CA	\$99.75
ESB-202021R	15ml Centrifuge Tubes with blue flat head cap, EO sterile, with graduations and marking area, 50/Rack, 10 Racks/Case	500/CA	\$90.00
ESB-202022R	50ml Centrifuge Tubes with blue flat head cap, EO sterile, with graduations and marking area, 25/Rack, 20 Racks/Case	500/CA	\$105.00

Tubes

Item ID	Description	UOM	Price
ESB-NLD100	12x75 Polystyrene (PS), Round Bottom	400/EA	\$23.48
ESB-NLD102	12x75mm Polypropylene (PP), Round Bottom, with Natural Cap, Sterile	500/EA	\$93.88
ESB-NLD103	13x75mm Polypropylene (PP), Round Bottom	400/EA	\$23.48
ESB-NLD246SS	Screw Cap Tube Printed, Self-standing with Black O-ring, Sterile	100/EA	\$19.75

Petri Dishes

Item ID	Description	UOM	Price
SPL-10035	35mm x 10mm Petri Dishes, Sterile	500/CA	\$74.21
SPL-10060	60mm x 15mm Petri Dishes, Sterile	500/CA	\$86.00
SPL-10090	100 mm x 15 mm Petri Dishes, Sterile	500/CA	\$79.01
SPL-10150	150 mm x 20 mm Petri Dishes, Sterile	120/CA	\$91.73

MONITOR THE INVISIBLE

PRECELLYS® 24 TOUCH Intuitive Tissue Homogenizer

Easy to use: touchscreen and exclusive tube locking system

Efficient: powerful 3D motion, up to 6,800 rpm

Reproducible: validated protocols available online

High quality: robust, ergonomic & safe

Cryovials

Store your biological samples at extreme temperatures. Our vials can withstand ultralow temperatures and have leak-proof silicone o-ring caps, printed graduations, and a white labeling area.

- ETO Sterile
- Self-standing
- Silicone O-ring to prevent leakage
- DNase, RNase and Pyrogen Free

Item ID	Description	UOM	Price
ESB-VAF300002EO	2.0 mL Cryogenic Vials, External Threaded, 100/PK, 10 PK/CA	1000/CA	\$232.00
ESB-NLD24436	4.0 mL Cryogenic Vials, Sterile, Black O-ring, SC, 50/Bag, 40 Bags/CA	2000/CA	\$387.43

Cryo Gloves

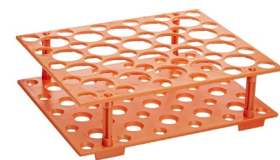

Interior Finish: Knitted thermal protection; Exterior Finish: Insulating multilayers; Thickness: Heavy Duty

Item ID	Description	UOM	Price
KOR-CRYOPLUS3821T08	Cryogenic Glove CRYOPLUS-2.1 (Mid Arm 38 cm) Size 8	EA Pair	\$175.00
KOR-CRYOPLUS4521T08	Cryogenic Glove CRYOPLUS45-2.1 (Elbow 45 cm) Size 8	EA Pair	\$220.00
KOR-CRYOPLUS5521T08	Cryogenic Glove CRYOPLUS55-2.1 (Under Shoulder 55 cm) Size 8	EA Pair	\$265.00

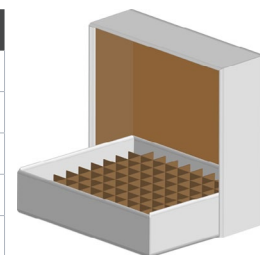

Racks

Item ID	Description	UOM	Price
GLB-456745W	Wireless Tube Rack, 25mm, Full Size: 16-Place, Nylon, White	EA	\$20.19
GLB-456930	Rack for 15/50mL Centrifuge Tubes, Orange	EA	\$28.60
GLB-456840W	Wireless Tube Rack, 30mm, Full Size: 24-Place, Nylon, White	EA	\$29.20
GLB-456445W	Wireless Tube Rack, 13mm, Full Size: 36-Place, Nylon, White	EA	\$18.61
GLB-456545W	Wireless Tube Rack, 16mm, Full Size: 36-Place, Nylon, White	EA	\$18.61
GLB-456350B	Reversible Rack for Microcentrifuge Tubes, 80-Place for 1.5 mL & 2.0 mL. Reverse Side is 60-Place for 0.2 mL & 0.5 mL Tubes, Blue	5/EA	\$63.69
GLB-456355B	Reversible Rack with Cover for Microcentrifuge Tubes, 96-Place for 1.5 mL & 2.0 mL. Reverse Side is 96-Place for 0.2 mL & 0.5 mL Tubes, Blue	5/EA	\$108.71

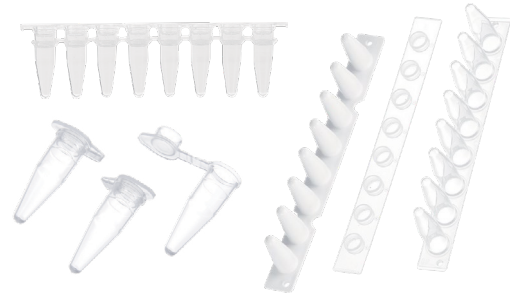

Freezer Boxes

Item ID	Description	UOM	Price
CBS-B2C	Fibreboard Box, 2", with lid	EA	\$1.89
CBS-B2CD100	Fibreboard Box, 2", with lid and 100 place divider	EA	\$3.29
CBS-B2CD81	Fibreboard Box, 2", with lid and 81 place divider	EA	\$2.99
CBS-B3CL	Fibreboard Box, 3", with lid	EA	\$2.19
CBS-D81	Cell Divider 81 place/standard box 0.5"	EA	\$1.39
HBM-HB1002P	Cardboard Cryobox, 2", no drain slots, with grids, 100 placeholders, white moisture-repellent coating numbered grid markings, flip cover	50/CA	\$146.70
HBM-HB812P	Cardboard Cryobox, 2", no drain slots, with grids, 81 placeholders, white moisture-repellent coating numbered grid markings, flip cover	50/CA	\$143.79
HBM-HB1002PP	Plastic PP Cryobox, 2", with drain slots, 100-place division	50/CA	\$135.79
HBM-HB812PP	Plastic PP Cryobox, 2", with drain slots, 81-place division	50/CA	\$133.79

PCR Tubes & Caps

Item ID	Description	UOM	Price
ESB-VAFPCR020FC	PCR 0.2ml Tubes, FC	1000/EA	\$20.56
ESB-VAFPCR020DC	PCR 0.2ml Tubes, DC	1000/EA	\$20.56
ESB-VAFPCR0208	8-Strip PCR Tubes without cap	125 strips/EA	\$20.56
ESB-VAF0208TPCR	8-Strip, 0.2ml, Flat PCR Cap	125 strips/EA	\$20.56
ESB-VAF0208CPCPCR	8-Strip, 0.2ml, Domed PCR Cap	125 strips/EA	\$20.56
ESB-VAF0208RTPCR	8-Strip, 0.2ml, OptiClear	125 strips/EA	\$20.56

PCR Plates

Item ID	Description	UOM	Price
ESB-VAFPCR96NSC	PCR 96 well plates, Clear, 0.2 ml, No Skirt	10/EA	\$18.51
ESB-VAFPCR96HSC	PCR 96 well plates, Clear, 0.2 ml, Half Skirt	10/EA	\$18.51
ESB-VAFPCR96FSC	PCR 96 well plates, Clear, 0.2 ml, Full Skirt	10/EA	\$18.51

PCR Taq

Engineered for controlled polymerase activity, Accuris Hot Start Taq is bound with a monoclonal antibody that blocks enzyme activity. This allows reactions to be set up at room temperature without the risk of non-specific amplification. Exceptional sensitivity for low copy PCR. Ideal for multiplex PCR and amplification of GC-rich DNA.

Item ID	Description	UOM	Price
BCM-PR1000HS500	Accuris™ Hot Start Taq DNA Polymerase	500 units	\$236.00
BCM-PR1001HS200	Accuris™ Hot Start Taq Master Mix 2X concentrate	200 reactions	\$176.00
BCM-PR1001HSR200	Accuris™ Hot Start Taq Master Mix Red Dye 2X concentrate	200 reactions	\$176.00

Introducing the **ESBE** **CO₂** Incubator

The ESBE CO₂ Incubator delivers concise test results with accurate temperature control. Experience the cutting-edge IR sensor technology for precise CO₂ concentration.

DNA/RNA Isolation Kits

- Magnetic Based Nucleic Acid Isolation
- Ultra Fast Protocols and Room T° Storage
- 100% Made in Canada

Item ID	Description	UOM	Price
GVS-BC0096	Blood & Cell DNA Extraction 96	96 reactions	\$482.74
GVS-BC0100	Blood & Cell DNA Extraction 100	100 reactions	\$377.14
GVS-BC0250	Blood & Cell DNA Extraction 250	250 reactions	\$880.00
GVS-PC0096	PCR Clean Up Kit 96	96 reactions	\$301.71
GVS-PC0100	PCR Clean Up Kit 100	100 reactions	\$201.14
GVS-PC0250	PCR Clean Up Kit 250	250 reactions	\$452.57

GVS-WW0100	Wastewater DNA/RNA Kit 100	100 reactions	\$628.57
GVS-VR0252	Wash Solution 1.175 ml	EA	\$64.83
GVS-VR0253	Wash Solution 2 Concentrate, 52.5 mL	EA	\$64.83
GVS-CR0500	Carrier RNA, 500 µl	EA	\$254.57

A complete plug & play solution

The miQron™ nucleic acid purification instrument is the automated extraction and purification system for DNA, RNA, proteins and cells. It can absorb, transfer and release magnetic beads with a magnetic rod and magnetic rod tip to separate magnetic beads and samples.

- Automated 1-16 sample extraction in as fast as 18 minutes.
- Integrated heating function for pyrolysis and elution heating.
- Low noise and no vibration during operation.

DNA/RNA Isolation Kits

MicroGEM's **prepGEM Bacteria** kit provides a simple automated approach to studying a wide range of microbial cultures. **prepGEM Universal** is MicroGEM's comprehensive solution for effortless high-yield DNA extraction from blood, saliva, and tissues; it is also perfectly suited for extracting DNA from cell cultures. **RNAGEM** is a whole nucleic acid extraction kit providing an extremely simple method to extract RNA from a single cell to 100,000 cells.

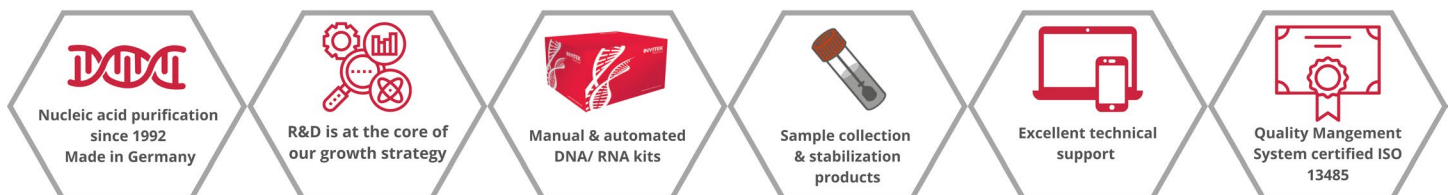

Item ID	Description	UOM	Price
MRG-PBA0050	prepGEM Bacteria Contains prepGEM, lysozyme, GREEN+ buffer, enhancer and wash	50 reactions	\$195.00
MRG-PUN0050	prepGEM Universal Contains prepGEM, Histosolv, BLUE buffer, RED+ buffer, and ORANGE+ buffer	50 reactions	\$195.00
MRG-RTP0050	RNAGEM Contains RNAGEM, DNase I, BLUE buffer, 10x DNase buffer, and 10x TE	50 reactions	\$280.00

DNA/RNA Isolation Kits

Invitex Molecular strives to produce the highest quality nucleic acid extraction products for infectious diseases, life science research and microbiome applications.

An Endress+Hauser Company

UVP GelSolo Simplified Gel Documentation

The UVP GelSolo is a compact, easy-to-use, stand-alone system for gel documentation. It is designed to acquire gel images easily and without any need for training. Thus, it is ideal for multi-user laboratories and practical trainings.

- All-in-one design for streamlined gel documentation
- High resolution 5.0 MP camera
- Large 11.6" touch screen with user-friendly software
- Epi-white and epi-blue LED lights enable a variety of gel imaging applications

Ask your local ESBE representative about the UVP GelSolo System.

Single Channel Adjustable Volume Pipette

The ESBE Evo Pipette is designed for minimum fatigue of the user's hand and fingers with one of the lowest plunger forces in the market with its innovative spring and seal design. Comes with a 3-year warranty.

Ergonomic and sleek designs

The ESBE EVO pipettes fit into any laboratory setting

Single Channel Adjustable Volume Electronic Pipette

Elevate your laboratory experience with the cutting-edge dPette+ Multi functional Electronic Pipette, a motor-driven, digitally controlled electronic pipette. Designed for seamless operations, this innovative pipette boasts an intuitive menu interface, requiring minimal force for pipetting while ensuring accuracy and repeatability. With just two buttons, you have full control over adjustable speeds for both aspiration and dispensing. The dPette+ contains Li-ion battery for extended operation and offers self-calibration. Experience the future of pipetting technology — where efficiency meets excellence, and versatility meets convenience.

Item ID	Description	UOM	Price
ESB-7016201001	Electronic Single-channel Adjustable Volume Pipette, 0.5-10 µl	EA	\$496.00
ESB-7016201002	Electronic Single-channel Adjustable Volume Pipette, 5-50 µl	EA	\$496.00

Multi Channel Adjustable Volume Pipette

Introducing the **MicroPette Plus 8-channel and 12-channel Adjustable Volume Mechanical Pipettes** — a versatile solution designed for precision and comfort. Its ergonomic design ensures ease and adaptability for different laboratory applications. The MicroPette Plus features a quick-release pipette tip ejector, making it easy to switch between different tips. With a user-friendly interface, durability, online calibration, and hassle-free maintenance, these pipettes streamline high-throughput tasks with ease and reliability.

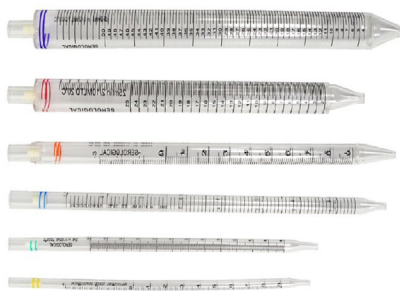

Item ID	Description	UOM	Price

Serological Pipettes

Product features:

- Calibrated to deliver (TD)
- Calibration is certified for accuracy
- Aerosol barrier plug
- Reverse graduations on all sizes
- Negative graduations on all sizes
- Fits all major brands of pipette controllers
- Pipettes are designed with anti-drip tips

Pipette Controller

- 6-speed settings for intuitive and convenient adjustment of speed
- Lightweight and high-capacity electric pipette suitable for glass or plastic serological pipettes (0.1-100mL)
- Ergonomic design for efficient and fatigue-resistant continuous pipetting
- Large LCD screen displays speed settings and battery information
- Powerful and quiet operation, capable of drawing 25mL of liquid in 5 seconds
- Long-lasting lithium battery

Bottle Top Dispenser

The **DispensMate Bottle-Top Dispenser** has excellent chemical resistance, inert and high strength components made of PTFE, FEP, BSG, PP. It is fully autoclavable at 121°C (only liquid accessible parts).

The **DispensMate-Pro Premium Bottle-Top Dispenser** has high chemical compatibility with use of inert materials and glass/PTFE piston. Fully autoclavable at 121°C to ensure sterility.

These bottle-top dispenser are is easy to disassemble and clean for periodic maintenance and are supplied with most popular adapters (S40, GL32, GL38, GL25, GL28).

Carboys

The EZgrip® Carboys are designed to provide users with a highly versatile container that maximizes storage efficiency and ease of use. The distinctive rectangular shape saves valuable bench space. Larger handles on top of the container and molded grips in the base provide a full, secure grip to make lifting, handling, and pouring easy. The optional wide neck allows the user to reach inside the carboy for easier cleaning. Carboy material and volume are clearly imprinted on the outside of the bottle as well as large, easy to read, metric graduation marks which are certified to $\pm 5\%$ accuracy.

Vacuum Aspiration Systems

SafeVac Vacuum-Controlled Aspiration System, 4L

Safe and efficient system for labs handling critical or biological liquid waste. For laboratory waste recovery and separation of liquid and solid. Best replacement for the common vacuum pump.

EcoVac Economical Vacuum Aspirator, 2L

Small, compact and easy to use system for the convenient handling of liquid waste disposal. Easy to switch between manual aspiration and two-level adjustable continuous aspiration.

SmartVac Benchtop Compact Vacuum Aspirator, 1L

The 1L benchtop compact vacuum aspirator with replaceable battery is designed for flexible handling of small amounts of liquids, with one key control, easy operation and wide application.

Media Bottles

PUREGRIP® Glass Media Bottles

PUREGRIP® glass bottles offer a huge array of improvements to researchers' everyday experiences. From large writing surfaces and visible graduations, to a cap that changes the very feeling of holding a vessel, while including our patented VersaCap® made from Class VI, Animal Free, Polypropylene. This new family provides users with the bottles and flasks they've always asked for—without the expensive price tag they might expect. Safety, versatility and ease of use can all be found in our line of Foxx PUREGRIP® glass media bottles. Utilize Puregrip® glass media bottles at your research, biotech, or pharmaceutical workplace today.

Specimen Transport

ESBE Scientific is the exclusive provider of Transport Canada certified specimen transport products offered through Saf-T-Pak, the industry's premier resource for Category A, Category B, exempt, and temperature controlled shipping systems. Choosing the right packaging is essential to ensuring compliance with all regulations and safe delivery of your clinical specimens to their destinations. These packaging systems meet international guidelines and shipping requirements including IATA and ICAO.

Complete temperature controlled transport solutions: In addition to the Saf-T-Pak shippers and components, we also offer a range of TDG compliant temperature-controlled shipping solutions (ambient, refrigerated, frozen) which may be suitable for your needs.

Compliance Training for the Safe Transport of Division 6.2 Infectious Substances, Biological Specimens, Dry Ice and Related Materials: ESBE is also pleased to offer competency-based training for certification on the safe transport of Division 6.2 Infectious Substances, Biological Substances, Dry Ice & Related Materials.

LIQUID NITROGEN STORAGE SOLUTIONS

- 5 models
- 5 years vacuum warranty

DURABLE ALUMINIUM CONSTRUCTION

Smart Series (Square Racks)

Colour identification for rack handles

Rack handles are colour-coded for easy separation of storage zones and sample management.

Multilayer protection for ultimate safety

Temperature and level are monitored in real time to safeguard the storage environment. Alarms can be transmitted through email and IM.

Double lock and double control design

The new double lock and double control design requires two people to open at the same time to ensure sample safety.

Low consumption rate and high performance stability

Automated manufacture ensures build quality and reliable vacuum which delivers stable and uniform temperature performance as well as low LN2 consumption rates.

Dual monitoring respectively for temperature and liquid level

Storage temperature and liquid level are automatically monitored by a high precision controller. Accurate and real-time information ensures samples safety.

Cloud data storage for traceability

Temperature and level data can be transmitted to Haier's IoT platform for storage. All data is traceable and stored permanently.

Liquid Nitrogen Containers

FREE Roller Base for LN2 Tank with the purchase of any qualifying Haier LN2 Container.

Suitable for all 65L-175L aluminum tanks, equipped with 5 universal wheels.

Item ID: HBM-YSCM \$740 Value!

ESBE's Partners

A Complete Solution

NEW AT ESBE

MICROPLATE READERS

Multimode Readers

Spark® Cyto

Fluorescence, brightfield and digital phase contrast imaging combined with full environmental control and standard detection modes creates a powerful tool for cell research. The first live cell plate reader with real-time image cytometry capabilities.

Spark

The fully flexible detection platform with smart automation. Spark's dedicated, patent-pending High Speed Monochromator is designed to set new standards for absorbance measurement speed and accuracy. Made for discovery, today and tomorrow.

Infinite® 200 PRO

The Infinite 200 PRO is an easy-to-use multimode plate reader family that offers affordable, high performance detection solutions, referenced in more than 1800 peer reviewed publications. The proven, easy-to-use plate reader family. Delivering performance and value to every lab.

GALILEO TMA

Tissue MicroArrayer Platform

TMA platforms for all types of tissue blocks and/or archived tissues.

Easy to use, direct control of TMA/CMA design and construction phase with precise core selection.

High quality TMA/CMAs.

Masks & Face Shields

Item ID	Description	UOM	Price
RNC-5622	PRO-TEC 3 ply Pleated Medical Masks, ASTM Level-2, Fiberglass Free, Blue	50EA	\$8.50
RNC-5622V	PRO-TEC 3 ply Pleated Medical Masks, ASTM Level-2, Fiberglass Free, Blue, Vending Machine Packaging	50EA	\$22.00

Respirators

Item ID	Description	UOM	Price
DEN-15DAD5N95B240	N95 Disposable Respirator, No Exhalation Valve	20/Box	\$26.47
DEN-400ML	400 Series Mask, Elastomeric Rubber (With N95 Mask Filters & Holder), M/L	EA	\$44.47
DEN-400SM	400 Series Mask, Elastomeric Rubber (With N95 Mask Filters & Holder), S/M	EA	\$44.47
RNC-6335	PRO-TEC Particulate Filtering / Medical N95 Respirator, Vertical Folded	30/EA	\$39.00

Eye Protection

Item ID	Description	UOM	Price
DEN-12E90806DX	SenTecDX™ Foam Sealed Safety Spectacle Safety Glasses with Rubberized Temple Tips, Clear Anti-Fog Lens & Foam Liner, CSA	EA	\$6.35

Gloves

Item ID	Description	UOM	Price
RNC-365	Nitech® EDT Disposable Gloves, Powder Free, 5 mil, Blue, Small	100/EA	\$7.95
RNC-375	Nitech® EDT Disposable Gloves, Powder Free, 5 mil, Blue, Medium	100/EA	\$7.95
RNC-385	Nitech® EDT Disposable Gloves, Powder Free, 5 mil, Blue, Large	100/EA	\$7.95
RNC-395	Nitech® EDT Disposable Gloves, Powder Free, 5 mil, Blue, X-Large	90/EA	\$7.95
RNC-935S	Ronco Care™ Nitrile Exam Gloves, Powder-Free, 3.5 mil, Dark Blue, Small	200/EA	\$13.75
RNC-935M	Ronco Care™ Nitrile Exam Gloves, Powder-Free, 3.5 mil, Dark Blue, Medium	200/EA	\$13.75
RNC-935L	Ronco Care™ Nitrile Exam Gloves, Powder-Free, 3.5 mil, Dark Blue, Large	200/EA	\$13.75
RNC-935XL	Ronco Care™ Nitrile Exam Gloves, Powder-Free, 3.5 mil, Dark Blue, X-Large	180/EA	\$13.75
RNC-936S	Biodegradable Nitrile Exam Gloves, Powder-Free, 3.5 mil, Violet, Small	100/EA	\$9.75
RNC-936M	Biodegradable Nitrile Exam Gloves, Powder-Free, 3.5 mil, Violet, Medium	100/EA	\$9.75
RNC-936L	Biodegradable Nitrile Exam Gloves, Powder-Free, 3.5 mil, Violet, Large	100/EA	\$9.75
RNC-765S	Blurite 6 EC 12" Cuff Nitrile Exam Gloves, Powder-Free, 6 mil, Violet, Small	50/EA	\$14.50
RNC-765M	Blurite 6 EC 12" Cuff Nitrile Exam Gloves, Powder-Free, 6 mil, Violet, Medium	50/EA	\$14.50
RNC-765L	Blurite 6 EC 12" Cuff Nitrile Exam Gloves, Powder-Free, 6 mil, Violet, Large	50/EA	\$14.50
RNC-965	Ronco NE5 Nitrile Exam Gloves, Powder-Free, 5 mil, Green, Small	100/EA	\$11.95
RNC-975	Ronco NE5 Nitrile Exam Gloves, Powder-Free, 5 mil, Green, Medium	100/EA	\$11.95
RNC-985	Ronco NE5 Nitrile Exam Gloves, Powder-Free, 5 mil, Green, Large	100/EA	\$11.95

Hand Sanitizers

Hydroalcoholic gel solution for rapid hand disinfection. Isopropyl alcohol 75%.

Centrifuges

The **OHAUS Frontier 5306** is a small but powerful mini centrifuge for simple and quick liquid separation.

The **D1008 Palm Micro Centrifuge** is ideal for quick spins, microfiltration of samples, cell separations and many other routine laboratory procedures.

The **D2012 Plus High Speed Centrifuge** is ideal for use in molecular biology laboratories for plasmid extraction; nucleic acid purification; pre-sequencing processing and other applications including extracting of DNA/RNA samples, sedimentation biological components, biochemical and chemical analyses of microsamples.

Item ID	Description	Speed Range	Max. RCF	Rotor capacity	UOM	Price
OHS-30134157	Frontier™ 5000 Series Mini Centrifuge, FC5306	0 rpm – 6,000 rpm	2,000 xg	1.5 / 2.0 ml x 8	EA	\$313.00
ESB-9031001012	D1008 Palm Micro Centrifuge with blue lid, including two rotors A8-2 & A4-PCR8 and both adapter SA02P2 & SA05P2	Up to 7000 rpm	2,680 xg	0.2 / 0.5 / 1.5 / 2mL x 8 0.2mL x 32 PCR tubes 0.2mL x 4 PCR 8-strips	EA	\$186.00
ESB-9032002121	D2012 Plus High Speed Mini Centrifuge	500- 15000 rpm	15,100 xg	0.2mL / 0.5mL / 1.5mL / 2mL x 12	EA	\$1,304.32

Vortex Mixers

MX-S Variable Speed Vortex Mixer

- Run type: Touch operation/continuous
- Mixing motion: Orbital
- Orbital diameter: 4 mm
- Speed range: 0-3000 rpm

Ohaus Mini Digital Vortex Mixer

- Control: Digital
- Duty Rating: Intermittent
- Orbit: 0.2 in (4.9 mm)

Item ID	Description	UOM	Price
ESB-8031102000	MX-S Variable Speed Vortex Mixer, 4 mm Orbit	EA	\$209.00
OHS-30392122	Vortex Mixer, Mini, Digital, 4.9 mm Orbit	EA	\$595.00

Shakers

Item ID	Description	UOM	Price
ESB-8072311200	SK-R1807-S LED Digital Rocking Shaker with fixed plate, 2kg load capacity, see-saw wave, 10-80rpm, 5-40°C ambient temperature	EA	\$231.60
ESB-8032210100	SK-O180-Pro LCD Digital, 2.5kg load capacity, 100-800rpm, with FREE universal attachment	EA	\$1,116.76
ESB-8032220100	SK-O180-Pro LCD Digital, 7.5kg load capacity, 100-800rpm, with FREE universal attachment	EA	\$1,237.21
OHS-30573769	Incubating Heavy Duty Orbital Shaker, 19 mm, Capacity 16kg @ 75rpm, 2.3kg @ 500 rpm, Ambient +5°C - 65°C	EA	\$6,895.00
OHS-30391924	Incubating Light Duty Shaker, 3 mm, Capacity 3.6 kg, Ambient +5°C - 65°C	EA	\$4,500.00
OHS-30391307	Heavy Duty Orbital Shaker, 19 mm, 25- 500 rpm, 11" x 13" tray	EA	\$3,395.00
OHS-30391809	Extreme Environment Orbital Shaker, High Performance, 19 mm, 15- 500 rpm, 13" x 13" tray	EA	\$5,250.00
OHS-30391947	Rocking & Waving Shaker, Waving, 0-20°, 2.3 kg, 1-30 rpm	EA	\$2,700.00
OHS-30391973	Rocking & Waving Shaker, Waving, 0-16°, 2.3 kg, 1-75 rpm	EA	\$2,150.00
OHS-30391994	Rocking & Waving Shaker, Rocking, 0-15°, 4.5 kg, 1-50 rpm	EA	\$1,850.00

Dry Bath

HB120-S LED Digital Dry Bath features:

- Temperature range: Room temp +5-105
- Temperature setting range: 25-120°C
- Temperature control accuracy: $\pm 0.5^\circ\text{C}$
- Time setting range: 0min~99h59min
- Permissible ambient humidity: <80% RH
- Comes with a FREE heating block used for 0.2mL, 0.5mL and 1.5/2mL tubes , 18 holes each volume (thin). Item ID: ESB-18900278.

Comes with a
FREE heating block

Item ID	Description	UOM	Price
ESB-5032101200	HB120-S LED Digital Dry Bath, with 1 pc heating block FREE (size options may be available)	EA	\$509.10

Thermal Mixers

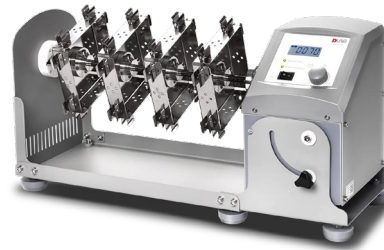

Item ID	Description	UOM	Price
ESB-5062101111	H100-Pro LCD Digital Magnetic Thermo Control with Heating	EA	\$812.95
ESB-5062102100	HC110-Pro LCD Digital Magnetic Thermo Control with Heating & Cooling	EA	\$1,864.28
ESB-5062104100	HM100-Pro LCD Digital Magnetic Thermo Mix with Heating & Mixing	EA	\$1,864.28
ESB-5062103100	HCM100-Pro LCD Digital Magnetic Thermo Mix with Heating, Cooling & Mixing	EA	\$2,372.72

These Thermal Controls come with a
FREE heating block
Size options / different blocks available

Tube Roller

- LCD displays speed and time
- Adjustable speed range of 10 to 70 rpm
- Provides gentle but effective rolling and mixing
- Can be used in cold rooms or incubators
- Wide variety of disk accessories and rotisserie accessories available

Item ID	Description	UOM	Price
ESB-8031402100	MX-RL-Pro LCD Digital Tube Rotator, Horizontal, including a 50ml rotisserie accessory (18900147), variable speed, adjustable mixing angle	EA	\$1,182.44

Hot Plates and Stirrers

Item ID	Description	UOM	Price
ESB-5031122211	HP550-S LED Digital Hotplate, 7x7", glass ceramic workplate, heating temperature up to 550°C	EA	\$371.32
ESB-8030122000	MS7-S Classic Magnetic Stirrer, 7x7" glass ceramic workplate, 10L, 0-1500 rpm	EA	\$371.32
ESB-8030261115	MS-H380-Pro LCD Digital Magnetic Hotplate Stirrer, 5.5x5.5" aluminium cover workplate with ceramic coating	EA	\$408.00
ESB-8030122211	MS-H380-Pro LCD Digital Magnetic Hotplate Stirrer, 7x7" aluminium cover workplate with ceramic coating	EA	\$462.00
ESB-8033100200	OS20-S LED Digital Overhead Stirrer, 20L, 50-2200 rpm	EA	\$920.00
ESB-8033200200	OS40-S LED Digital Enhanced Overhead Stirrer, 40L, 50-2200 rpm	EA	\$1,340.00
OHS-30586763	ACHIEVER™ 5000 Overhead Stirrer, 25L, 30-2000 rpm	EA	\$1,995.00

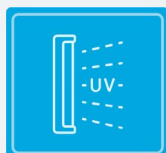

*Note: Universal plate stand (ESB-18900258) + Crossed Stirrer (ESB-18900071) **FREE** with the purchase of qualifying overhead stirrers (qualifying models ESB-8033200200 and ESB-8033100200).

Benchmark SureAir™ PCR Workstation

The Benchmark SureAir™ PCR workstation is a compact, convenient way to reduce contamination concerns and provide a clean room environment at a fraction of the space and cost.

- *HEPA Filter & UV light reduce contamination*
- *Highly compact, 22 x 16" footprint*
- *Included cable access port allows use of centrifuges, vortexers, and other instruments*
- *Included pipette holder and shelf provides storage for pipettes and tips*
- *Provides ISO 5 level clean conditions*

Cell Counting

The Cellometer Mini is designed to fit in even the smallest lab space. Cellometer software can be loaded on most computers and linked to the Cellometer Mini with a special USB cable. Affordable, accurate automated cell counting using trypan blue viability.

Item ID	Description	UOM	Price
NEX-MINI	Cellometer® Mini Automated Cell Counter with 75 slides	EA	\$4,600.00
NEX-CP2001	Cellometer® Manual Disposable Hemacytometer Chambers, 25 Slides/50 Counts	EA	\$165.00
NEX-CP2002	Cellometer® Manual Disposable Hemacytometer Chambers, 100 Slides/200 Counts	EA	\$595.00

Upgrade your lab's efficiency with BioGenex's innovative IHC Stainers.

- Streamlined workflows
- Unmatched accuracy
- Immediate delivery

Explore the diagnostic & research instrument range.

Electrophoresis - Horizontal Gel Systems

multiSUB Horizontal Electrophoresis tanks provide an easy to use and flexible platform for all horizontal electrophoresis requirements. With a wide range of tank and tray sizes as well as many comb options, these systems can handle all manner of electrophoresis experiments.

CVS-MSMINI: For quick sample checks, following restriction digestion or PCR. CVS-MSMINI is an economical choice for separation of up to 64 samples.

Item ID	Description	UOM	Price
CVS-MSMINI7	multiSUB Mini, 7x7 cm UV Tray	EA	\$477.04
CVS-MSMINI10	multiSUB Mini, 7x10 cm UV Tray	EA	\$477.04
CVS-MSMINIDUO	multiSUB Mini, 7x7 cm & 7x10 cm Tray	EA	\$517.45

CVS-MSMIDI: The same run lengths as the CVS-MSMINI but with up to 100 samples.

Item ID	Description	UOM	Price
CVS-MSMIDI7	multiSUB Midi, 10x7 cm UV Tray	EA	\$525.55
CVS-MSMIDI10	multiSUB Midi, 10x10 cm UV Tray	EA	\$525.55
CVS-MSMIDIDUO	multiSUB Midi, 10x7 cm & 10x10 cm Tray	EA	\$560.56

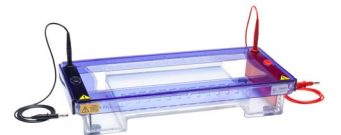

CVS-MSCHOICE: The perfect system for routine agarose electrophoresis. Up to 210 samples with multichannel compatible comb options for faster loading.

Item ID	Description	UOM	Price
CVS-MSCHOICE10	multiSUB Choice, 15x10 cm Tray	EA	\$563.27
CVS-MSCHOICE15	multiSUB Choice, 15x15 cm Tray	EA	\$563.27
CVS-MSCHOICETRIO	multiSUB Choice Trio, 15x7, 10 & 15 cm Tray	EA	\$646.81

CVS-MSCHOICEST: Increased sample capacity or migration length compared to the CVS-MSCHOICE to provide more versatility for the user.

Item ID	Description	UOM	Price
CVS-MSCHOICE7	multiSUB Choice, 15x7 cm Tray	EA	\$563.27
CVS-MSCHOICEST20	multiSUB Choice Stretch, 15x20 cm Tray	EA	\$657.59
CVS-MSCHOICEST25	multiSUB Choice Stretch, 15x25 cm Tray	EA	\$657.59

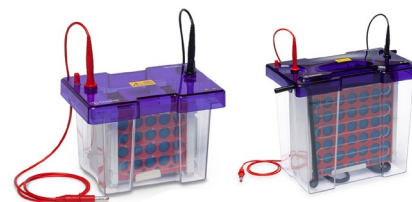

Electrophoresis - Power Supplies

Item ID	Description	UOM	Price
CVS-EV1450	Power Supply, 400V, 500 mA, 50W - 110V	EA	\$1,048.35
CVS-EV2230	Power Supply, 1500V, 300 mA, 150W - 110V	EA	\$1,828.05
CVS-EV2310	Power Supply, 300V, 1000 mA, 150W - 110V	EA	\$1,524.62
CVS-EV2650	Power Supply, 600V, 500 mA, 150W - 110V	EA	\$1,562.26
CVS-EV3020	Power Supply, 300V, 2000 mA, 300W - 110V	EA	\$2,148.90
CVS-EV3150	Power Supply, 1200V, 500 mA, 300W - 110V	EA	\$2,148.90
CVS-EV3330	Power Supply, 3000V, 300 mA, 300W - 110V	EA	\$3,362.94

Electrophoresis - Blotting Systems

- Mini System transfers up to 4 Mini gels
- Maxi system transfers up to 4 Maxi gels, 8 Mini Wide and 16 Mini gels
- Complete run-time flexibility
- Cool pack for environmentally friendly low-cost cooling during high-intensity transfers

Item ID	Description	UOM	Price
CVS-SB10	OmniBlot Mini, 10x10 cm Blotting System, including 4 cassettes	EA	\$870.51
CVS-SB20	OmniBlot Maxi, 20x20 cm Blotting System, including 4 cassettes	EA	\$1,404.13

Electrophoresis - Semi Dry Blotters

These Semi Dry Blotters offer rapid transfer times for DNA, RNA and protein blotting typically 15 to 30 minutes. All units can be used for all types of blotting: Western, Southern and Northern via uncomplicated buffer and set up procedures. All are compatible with gel thicknesses from 0.25 up to 10mm without the need for additional equipment. Each unit is compatible with their respective omniPAGE vertical gel system.

Item ID	Description	UOM	Price
CVS-SD10	Semi Dry Mini, 10x10 cm System	EA	\$835.46
CVS-SD20	Semi Dry Maxi, 20x20 cm System	EA	\$1,687.09

Incubation

Item ID	Description	UOM	Price
BCM-H1001M	Incu-Shaker™ Mini Touchscreen, 19 mm, 30-300 rpm, Ambient +5° - 70°C, non-slip rubber mat , 115V	EA	\$4,620.00
BCM-H3501	Incu-Shaker™ Mini CO2, 19 mm, 30-300 rpm, 46L chamber, Ambient +5° - 60°C, non-slip rubber mat platform, 115V	EA	\$13,950.00
BCM-H1000MR	MAGic Clamp™ Universal Platform for Flasks and Tube Racks, 9.5 x 11.5"	EA	\$297.00
BCM-H1000MR125	MAGic Clamp™ Magnetic Clamp, 125 mL flask	EA	\$51.00
BCM-H1000MR250	MAGic Clamp™ Magnetic Clamp, 250 mL flask	EA	\$56.00
BCM-H1000MR500	MAGic Clamp™ Magnetic Clamp, 500 mL flask	EA	\$58.00
BCM-H1000MR1000	MAGic Clamp™ Magnetic Clamp, 1000 mL flask	EA	\$87.00
BCM-H1000MRCMB	MAGic Clamp™ COMBO, 125/250/500 mL flasks	EA	\$67.00
BCM-H1000MRT15	MAGic Clamp™ Tube Rack 32x15 mL tubes	EA	\$231.00
BCM-H1000MRT50	MAGic Clamp™ Tube Rack 15x50 mL tubes	EA	\$231.00
BCM-H1000MRTSR	MAGic Clamp™ Tilted Holder, 15 mL and 50 mL	EA	\$175.00

CO₂ Incubators and Multi-gas Incubators

Our robust and compact design for precise cell culture reproduction in vitro.

PCR Thermal Cyclers

Biometra TOne Series - The PCR Standard for Your Laboratory

- Integrated 7" touchscreen control
- Whisper quiet: Low noise emission of max. 45 dB
- High performance smart lid: Defined pressure control for highly reproducible results
- Linear gradient tool: For easy gradient programming using the primer annealing temperature
- Aluminum sample block with special alloy coating
- Heated lid for highly uniform temperatures
- Advanced user management allows individual rights settings for each user
- PCR Control APP – control and monitor your experiments from outside the Lab

Item ID	Description	UOM	Price
ANJ-8464070301	All-in-one Thermal Cycler, 96 wells and 12 column gradient function; Max./min. gradient 20°C/0.1°C	EA	\$5,995.00

TC1000-G Gradient Thermocycler

- Heating Temperature Range: 4-105°C
- Lid Temperature Range: 30-110°C
- Gradient Temperature Setting Range: 30-99°C
- Sample Capacity: 96x0.2mL PCR tube | 12x0.2mL PCR-8 strips | 0.2mL 96 PCR Microplate

Item ID	Description	UOM	Price
ESB-5064102300	TC1000-G Gradient Thermocycler	EA	\$4,700.00

PCR Cooler

Item ID	Description	UOM	Price
SIM-S62524	Frosty Mate™ Colour Change Racks, 24 well	EA	\$102.11
SIM-S62596	Frosty Mate™ Colour Change Racks, 96 well	EA	\$102.11

pH Meters

Item ID	Description	UOM	Price
OHS-30655944	Starter™ 2200 Benchtop pH Meter for basic laboratory applications	EA	\$497.00
OHS-30129896	Starter 5000 High Performance Benchtop pH Meter for everyday measurements in the laboratory	EA	\$1,995.00

Slide Staining Systems

StainTray™ slide staining system is a user-friendly approach to immunohistochemistry staining. This tray is suitable not only for routine staining requiring a humid chamber but is also ideal for Hematology, Cytology, and Microbiology techniques.

Montage Opus365™ is a compact, effective and reliable platform that facilitates heat induced antigen retrieval. Appropriate use of heat and pressure along with suitable buffer solutions is of extreme importance for consistent immunohistochemistry staining.

Microscopes

B1 Series Microscopes

Motic's B1 series has long been a stalwart of reliable microscopy providing a solid platform for imaging. The B1 is upgraded with new optics and mechanics normally only found in more expensive models.

BA210 Series Basic Biological Microscopes

The BA210 is designed for both educational and teaching environments from basic life sciences to medical applications.

AE Series Inverted Microscopes

Designed for Routine as well as Research applications, the AE Series meets most of the requirements of an Inverted microscope. Motic's proven CCIS® Infinity Optics guarantees superb image quality and maximum reliability.

SMZ-171 Series Stereo Microscopes

Motic's stereoscopic microscopes are trusted for decades by many across the world in institutions, governments and industries for its accuracy, quality and workmanship. The selection of stereo microscopes vary and ranges in application from inspection, dissection, education, medical, geological work and more.

Motic®

MORE THAN MICROSCOPY

Developed for ambitious research work.
Superb images, intuitive handling.

Lift up your performance to a world-class level.

Homogenizers

The **D-160 Handheld Homogenizer** is portable and lightweight with an ergonomic design ideal for manual operations. It features processing volumes from 0.1-50ml or 1-250ml, and variable speed from 8,000 to 32,000 rpm. 316L stainless steel shafts are fully autoclavable.

The **Minilys® Personal Homogenizer** is especially designed for low throughput laboratory workflows, the Minilys personal tissue homogenizer homogenizes three samples simultaneously in 0.5 mL or 2 mL tubes and one sample in 7 mL tubes.

The **D1000 Handheld Homogenizer** is designed to rapidly homogenize, emulsify, suspend and disrupt biological samples. Ideal for use with microtubes, the homogenizer works well with samples from 0.1 mL to 250 mL (depending upon the generator probe used).

Water Baths

Polyscience General Purpose Laboratory Water Baths have excellent temperature control, range, and uniformity. They are designed to handle a wide range of laboratory procedures including incubation, inactivation and agglutination, and most pharmaceutical, serological, biomedical and industrial procedures.

Boekel Scientific Six-Liter Hot Tubs eliminate the need for a single-function boiling bath on your bench. Choose either regular heat or boiling mode in our digital lab electric heated thermostatic water bath/boiler.

Cryogenic Cooler

The new Globe Scientific Cryogenic Cooler provides controlled cooling for cryogenic preservation and recovery of cells. When filled with 100% Isopropyl alcohol and placed in a mechanical freezer, the cooler maintains the 1°C per minute cooling rate necessary for proper cell preservation. This controlled cooling improves cell recovery and viability versus snap freezing in liquid nitrogen.

QUALITY CHAIRS, BUILT TO LAST

Features & Benefits

eCom's dedication to quality assurance is demonstrated in its 15 year warranty on products, lifetime warranty on pneumatic lift components, and 5 year warranty on fabric or vinyl upholstery.

Why our chairs?

15 Year Warranty:
Industry leading

Made in the USA:
Built to order in Tennessee

ANSI/BIFMA Certified:
Meets or exceeds standards

ERGONOMICS

Easyjust controls put everything within intuitive reach. Adjustable footrests help circulation and ease fatigue. Optional armrests aid in preventing cumulative trauma disorders, while easy height adjustments put anyone on proper eye level.

MATERIALS

These chairs are made for long life, with a choice in bases of heavy-duty chromed aluminum or nylon reinforced fiberglass. Seat and back materials include customizable fabric or vinyl, super-tough polyurethane, or seven-ply hardwood.

COLORS

Wide array of fabric coverings that will complement any décor, and offers 100's of colors of vinyl to select from, with seven standard colors for fabric and vinyl. Customers can supply their own material (COM) in any color.

MODULARITY

High quality interlocking & interchangeable product components provides for a competitive edge by creating a customizable configuration array that answers any type of workplace seating demands and allows for rapid order turnaround.

-86°C Ultra-Low Temperature Freezers by ESBE

natura freeze

ESBE Scientific's natura freeze Smart Frequency technology manages compressor speeds on demand to give our customers world-leading ultra-low temperature efficiencies, uses natural refrigerants, is SNAP compliant, and provides excellent energy saving performance.

Dual Protection System

ESBE Scientific's intelligent DPS freezer has two independent refrigeration systems that are designed to ensure optimal reliability, longevity and efficiency for the protection of your valuable samples.

WARRANTY

5 YEARS Parts & Labour **12** YEARS Compressor

Versa Plug

Smart Frequency Compressor

Maximum Sample Security

Fast Cabinet Pull Down

Precise Temperature

Energy Efficient

Optimized Insulation

Whisper Quiet

Safe & Secure

ULTRALOW FREEZER RACKS

As low as **\$119.99**

Optimize your Freezer space

A complete range of racks designed to fit your unique freezer and storage box requirements, guaranteeing a seamless fit for every scenario. To select the ideal ESBE Rack for your needs, simply identify your freezer's brand and model or the box.

- Maximize the space in your freezer with ESBE racks
- Wide range of racks to match your freezer and box needs

Freezer Racks for all ULT brands

- PHCbi
- Thermo Scientific™
- Revco™
- Forma™
- VWR®
- New Brunswick™
- NuAire
- Stirling

FREE Cryoboxes

Get five cryoboxes free with the purchase of each qualifying freezer rack.

Cardboard Cryobox

ESBE Item ID: HBM-HB1002P(SAM) UOM: 5/each

2 inch, 100 place division, white moisture-repellent coating, numbered grid markings, flip type.

Customizable racks available upon request.

Contact us to learn about our pricing & promotions.

Racks for 2" Cryoboxes – Fixed Side Access

ESBE Item ID	Box Array		Rack Dimensions		
	H x D (inches)	H (inches)	W (inches)	D (inches)	
ESB-RUF642C	6 x 4	12.60	5.50	22.00

PHCbi

High Performance Refrigeration

PHCbi Cold Chain Storage Solutions

Engineered for reliability, temperature uniformity, fast temperature recovery and tolerance for real-world conditions.

Lab Furniture & Workstations

The art of innovation, the science of care!

Space is a premium in every lab, so having furniture that can be flexible and adapt with your needs is vital. See ESBE Scientific's collection of Torvan Unilab modular laboratory furniture and Torvan Medical workstations.

Consultation

Our experts will ensure you are getting the right furniture for your needs

Modular

Flexible lab furniture that can be assembled according to your lab layout and changing requirements

Quick Setup

Ship assembled, self install or have our professional team install for you

Sustainable

High quality, sustainable materials that are compliant with safety codes and regulations

Mobile

Lockable casters on mobile cabinets- easy to move and lock in place for stability

*Plus & Stainless available in built-in

Custom pricing for unique configurations tailored to your lab space!

Torvan Unilab PLUS

The perfect solution for Tier 1 lab projects.

Torvan Unilab CLASSIC

Where classic meets modern.

Torvan Medical Workstations

Designed for MDRD spaces.

Reprocessing Sinks

Custom Builds for your Department

The Medical Device Reprocessing Department (MDRD) is one of the most critical environments in the hospital when dealing with infection control. We not only understand the importance of high quality equipment, we also understand the importance of quality of design. All of our products are engineered for optimized reprocessing workflow and contaminant reduction.

Torvan Sinks Standard Features:

- | | |
|--|---|
| 1 Overhead Tilt Light | 4 Backsplash Mount Swing Spout Faucets |
| 2 Wrist Friendly Edges | 7 Coved Sink Basins with Fill Level Etching |
| 3 Electromechanical Height Adjustment | 8 High Modular Pegboard Accessory Area |
| 4 Programmable Height Adjustment Interface | 9 Lock & Levelling Casters |
| 5 Electronic Push Button Drain | 10 Temperature Monitor |
| | 11 Marine Edges |
